

**2nd International Conference on Machine Learning,
Security and Cloud Computing (ICMLSC2020)**

Round-1

Accepted papers

sl no	Title of the paper
1	VMATE - Intelligent E-Learning Management System for Educational Institutions
2	<i>Computational Effective Multimodal Medical Image Fusion in NSCT domain</i>
3	Health For You
4	Tyre Pressure Monitoring System
5	Indian Agricultural GDP and Non Performing Assets: A Regression Model
6	Patterns of Covid19 Spread in India
7	Ontology Based Website for Job Posting and Search
8	Convolution Neural Network based Rain Noise Removal for Real Time Application
9	Artery-Vein Detection using Neural Network in Retina Images
10	An Approach to detect fault text in articles
11	Lung Cancer Prediction using Feature selection and RNN
12	Design of Deterministic Sparse Fractal Array
13	Enhancing SBIR
14	A Neural Network trained to perform as an Imprecise 4:2 Compressor using Machine Learning Algorithm
15	Key Value Combination for Scholarship Disbursal Analysis through Map-Reduce
